

### **Covid-19 Local Mission Trip Policy**

While we want to serve, care, and learn about our local community we also want to be as safe as possible regarding Covid-19. We ask that you complete this self-screening process before attending anything in person. If you answer yes to any of these three questions, please communicate that with us.

1. Have you been diagnosed with COVID-19 in the past 14 days?
2. Have you come into close contact (within 6 feet) with someone who has a laboratory-confirmed COVID-19 diagnosis in the past 14 days?
3. Do you have a fever (greater than 100.4 F) OR symptoms of a lower respiratory illness such as a cough, shortness of breath, difficulty breathing, or a sore throat?

#### Proactive Steps:

- We will do temperature checks every day.
- Participants will be asked to wear a mask at all times except when eating. Masks will be provided for participants.
- There will be access to hand-washing stations and hand sanitizer at our service location(s).
- Participants will be asked to practice social distancing as much as possible.
- We will split up into smaller teams for many of the projects that we do at the service locations.
