

MIX ^{AT} LEADER GUIDE

Now all glory to God, who is able, through his mighty power at work within us, to accomplish infinitely more than we might ask or think. Glory to him in the church and in Christ Jesus through all generations forever and ever! - Ephesians 3:20-21

We know this year is nothing like any of us imagined, but we believe God is going to do more than we could ever begin to ask or think through MIX / MOVE this summer. Thank you for investing in this generation with us! Here are some things you need to know.

Convos App

CIY Convos is an engaging small group app that is fully based on a mobile device and allows your students to lead the discussion. In order to get started, download the CIY Convos app from the App Store or Google Play Store. Once you have downloaded it, you will be prompted to put in a group code – *mixat2020*

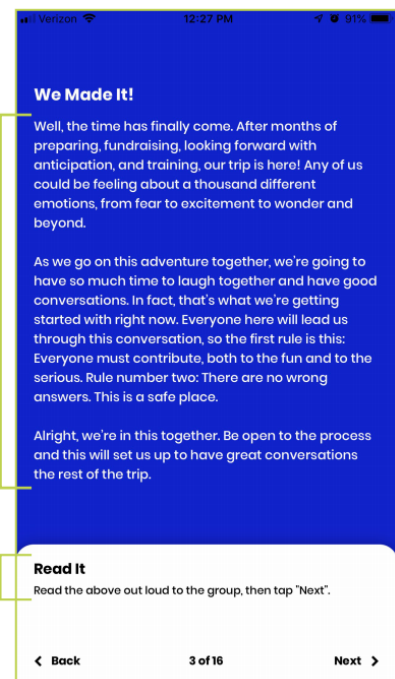

If you already have Convos downloaded on your device, just click the “Add” button at the bottom of the screen and enter the code.

Script

The script area is what will be read out loud to the group.

Instructions

Here, you'll find prompts like watch it, play it, who's next, read it, discuss it, pray it, or poll it. This section is not meant to be read out loud.

When you're using Convos, make sure your volume is turned up. For iPhone users, be sure that your silent mode is off. Most slides are set up vertically, but some may be horizontal, especially videos. In order to run Convos via Zoom you will need two devices – one to host the Zoom meeting, and one to run Convos.
