

At Traders Point, we're passionate about partnering with you to raise kids who love Jesus and live out their faith.

Parent Cue is a simple tool with age-appropriate prompts to spark Jesus-centered conversations at home, building on what they learn at church. Whether during a car ride, bedtime or mealtime, Parent Cue provides tips, conversation starters and activities to help you connect with your child about Jesus in impactful ways.

If you haven't used it, these 21 days would be a great time to start. You can access Parent Cue every week in two ways: the Parent Cue App and Parent Cue Cards.

### **PARENT CUE APP**

Parent Cue is a free app and online resource from Orange Curriculum.

#### **How does it work?**

**Download the App:** Search the "Parent Cue" in your app store and download it for free.

**Sync with Our Church:** Enter Traders Point Christian Church to access content that aligns with what your child is learning in Traders Point Kids

**Start Connecting:** Use the simple prompts and ideas to spark conversations that matter, right where you are.

### **PARENT CUE CARDS**

Starting this month, we'll hand out Parent Cue cards each week at Traders Point Kids pickup. These cards share what your child learned and give you tools for faith-filled chats at home.
